EventSafe Foundation

EVENTSAFE FOUNDATION – SMARTER, FASTER, SAFER RESPONSE AT EVERY EVENT

STORY SNAPSHOT: WHY EVENTSAFE MATTERS

☑ At large public events, medical emergencies unfold in seconds—but our current response systems are stuck in minutes. Victims often wait as responders navigate guesswork, lack information, and duplicate paperwork. Lives—and precious time—are lost.

EVENTSAFE FOUNDATION IS HERE TO CHANGE THAT.

☑ We're building the first real-time safety coordination platform for event responders and the public. Our system empowers volunteers, safety teams, and emergency personnel to respond faster, smarter, and with full situational awareness.

Launching at Schoolies 2025, EventSafe isn't just tech—it's a mission to save lives and modernize frontline response across Queensland and beyond.

WHAT IS EVENTSAFE

A two-app mobile platform that connects victims and responders in real time.

For Public Users: Self-triage and request help via the Scavenger app

For Responders: Get instant alerts, GPS navigation, and medical data

CURRENT SYSTEMS

Current systems rely on bystanders, delayed dispatch, and blind response

Responder coordination is manual, slow, and lacks real-time data

Paperwork is duplicated and hospital handovers restart from zero

KEY FEATURES

☑ Self-triage in-app requests

☑ Auto-alerts to nearest qualified responders

☑ Live GPS with turn-by-turn directions

☑ Pre-arrival medical profiles

☑ Live call/chat with patients

☑ Smart digital reporting and hospital handoff

☑ Secure team communication and audit trail

Collaborators in Development

✓ Red Frogs Australia

✓ Surf Life Saving Queensland

✓ Volunteer and community event teams across Southeast QLD

PILOT PLAN – SCHOOLIES 2025 & SUMMER ROLLOUT

☑ Protect 20,000+ Schoolies attendees on the Gold Coast

☑ Enable 500+ responders and volunteers

☑ Serve 50,000+ public users

☑ Target 30% faster response times in test zones

☑ Expand to 3 Gold Coast LGAs

☑ Secure $500K+ in sustainable funding

QUOTE FROM WILLIAM ROY PAWSON (FOUNDER)

"I worked on the front lines in Ski Patrol, where every second counted. EventSafe is the system I needed—but didn't have. I built this platform to give every responder the tools to save lives, faster."
